ACHIEVEMENTCTR.ORG

Dear Achievement Center Family,

Thank you for your patience and flexibility as we move forward and transition to more in-person services. Though COVID-19 cases continue to decline and many mitigation efforts have been lifted, your family's safety and well-being continue to be our top priority.

The Achievement Center of LECOM Health is designated as a healthcare setting and as such, continued masking is required per the recommendations of the CDC and Department of Health at any of the Center's many locations. Regardless of your vaccination status, all employees, clients, and anyone accompanying the child during the appointment must continue to wear a mask for any agency-based appointments. For sessions occurring in the home or community, mask wearing is not required. Families who prefer continued masking may request their clinician(s) to mask during service provision, if desired.

Given the significant decline in virus cases and increased clinical need of many clients and families, we encourage face-to-face as the primary delivery mechanism for your child and family's therapeutic services. While we anticipate that telehealth services may remain an option, please be aware that the Achievement Center of LECOM Health must abide by state mandates regarding service delivery options as dictated by OMHSAS and OCDEL, the regulatory bodies that govern children's allied health services. We will continue our communication efforts to notify you if changes occur regarding the ability to offer services via telehealth.

Please continue to work with your service provider(s) to determine whether in-person or telehealth services are appropriate, based on your child's needs.

Thank you for continuing to choose the Achievement Center of LECOM Health to serve your family's needs and for your dedication in upholding your part in our continued pandemic precautions. Please reach out if you have any questions or concerns via email at info@achievementctr.org or by phone, 814-459-2755.

Stay safe and be well,

Charlotte Rerko
Chief Executive Officer
